22 lb Bruce anchor with 3/8" chain pendant and 200' 5/8" three strand rode.

Interior Layout

"Mariann" is among the third generation Catalina 30 introduced with many improvements over its predecessor. Very spacious for a 30 footer, "Mariann" galley to port is within easy reach of the dinette and cockpit. The icebox is generously sized for perishable storage and additional storage is easily within reach. A double stainless sink with ample countertop space assists with meal preparation. The nav station is to port with storage for charts underneath and the electrical panel is displayed here as well. The forward cabin has a comfortable double with a large overhead hatch. Just aft is the head with storage and a shower. The aft most berth is a large double integrated under the cockpit and provides excellent room for taller individuals. Sleeps 6 – 7.

Deck Layout

"Mariann" deck and cockpit are perfect for family cruising and all the features an experienced skipper expects. Special attention has been given to the cockpit as most of your sailing time is spent here. The cockpit is big enough for the entire crew and long enough to nap on. All sail controls are led aft and arranged to be operable with "Mariann's" cockpit dodger. The aft swim ladder is easily accessible for swimming and boarding a dinghy for a shore side adventure through the sugar scoop transom. Mariann is sure to deliver a quality and spirited sailing adventure for the whole family.
